

Native Girls Code

**A group for young Native girls
Ages 12-18**

Mentorship

Hands on learning

Our STEAM curriculum emphasizes computer coding and expands traditional and ecological knowledge. This group is interested in connecting current technologies with Indigenous technologies and our theme for this year is; Reciprocal, Respectful and Responsible Relationships with our Plant Relatives.

Summer opportunities

Science & Technology Camp at the University
of Washington

Makah Cultural Exchange

Nooksack Elder & Youth Gathering

Paddle to Nisqually Tribal Canoe Journey
